Travel days				47		
Rest days				22		
Total:				69		
Notes:						
Approximate distances are given in part. Departure date taken at 03 October 2005.						
An allowance of 2 days out of every 7 are given for rest, washing and emergencies etc...						
I have tried to allow for the longest time, under the harshest conditions. It could take longer or shorter depending on circumstances. These are included in arrival day figures.						
Shoeing horses every two weeks.
